"Friends ... too precious to lose" intended to highlight that we all have people that care about us and a reason to be safe – and we don't want anyone to be injured here at the refinery! Our actions – Every task, the right way, every time will enable us to have a workplace that is Incident and Injury Free.
- A flyer/ announcement will be created in recognition of all of the significant work projects that have been completed, and the significant safe/ IIF behaviors that have been observed. Supervisors will be asked to submit content for the flyer/ voicemail/ and safety note in promotion of this recognition.
- IIF Champions and the Enroll, Engage, Recognize, Motivate sub team members will be handing out Near Loss Cards and discussing "my reason for being safe" in the food line and in a separate booth set up to collect Near Loss Cards/ Safety Suggestions.
- Video collection during food line and the event surveying attendees, (and in response sheets?).
